- DOH
- DOT

BASEYARD OPERATIONS

- Activities and Potential Pollutants
- Best Management Practices (BMPs)

FIELD OPERATIONS

- Activities and Potential Pollutants
- Best Management Practices (BMPs)

WRAP UP

- Question and Answers

INSTRUCTORS:

Carol Forrest, P.E., CPESC-SQS is a URS Vice President with more than 25 years of experience in urban runoff, storm water quality, and watershed management, will be the Project manager. Ms. Forrest is a nationally known expert in erosion and sediment control. She is twice past President of the Western Chapter of the IECA, and Chair of the CPESC Council.

Michael Harding, CPESC is one of the leading technical experts in the erosion control industry. Mr. Harding has over 22 years experience in erosion and sediment control, resource management, mined land reclamation, wildlife habitat development, and nonpoint source pollution control both in the US and overseas. He has contributed significantly to the body of knowledge related to the effectiveness of alternative approaches to erosion control through field and laboratory testing programs.

Registration Procedure
