

PAVEMENT PRESERVATION: THE PATH TO OUR FUTURE

An Executive Session

FOCUS:

- Education of the stakeholders that fund and manage our roads.
- Provide information for stakeholders to help them address public concerns.
- Provide a status of our asphalt pavement surfaces.
- Provide focused and practical information on how a road is built and maintained.
- Outline and define criteria for a Pavement Management System.
- Explain why we must preserve roads while they are in good shape.
- HDOT and C&C HNL to outline their programs to improve our roads.
- This session is focusing on pavements and will not address traffic, Capital Improvement Projects, rail, buses, ships, planes or other transportation issues.

SESSION OUTLINE:

- Steve Muench - Focus session on Hawaii's roads, pavement construction and stresses, reconstruction and resurfacing, preservation options, paving industry.
- HDOT Pavement maintenance task force presentation
- Rodney K. Haraga, S.E. , HDOT Director - HDOT Pavement Preservation initiatives
- FHWA - funding opportunities for Pavement Preservation and requirements for a Pavement Management System
- Laverne Higa, P.E. , Director Honolulu City and County Facility Maintenance Department – City Pavement Preservation initiatives
- Question and answer period moderated by Steve Muench

WHO SHOULD ATTEND:

Legislators, City Council members, and their chief staff personnel, Neighborhood Board Chairpersons, Pavement Design Consultants and Media.

GUEST SPEAKER:

Steve Muench, Ph.D., P.E.

Dr. Muench is an Assistant Professor in the University of Washington's Department of Civil and Environmental Engineering. Steve is the developer of the HAPI Asphalt Pavement Guide. He is a licensed professional engineer in Washington State. Steve is a graduate of Kailua Elementary, Kailua Intermediate and Kalaheo High School (class of 1986). His parents still live in Kailua and he still calls Hawai'i "home".
