Pavement Preservation
Best Practices
And Emerging Technologies:
National Overview

East-West Center, Jefferson Hall,
Keoni Auditorium
1777 East West Road
Honolulu, Hawai‘i

May 27, 2009
8:00 a.m. – 4:00 p.m.

Registration Procedure
1. Please contact Gail Ikeda at 808-956-8367,
   808-956-8851 (FAX) or gikeda@hawaii.edu
   by Friday, May 15, 2009.
2. Attendance is limited.
3. There is no cost for registration.

Cancellations
Please contact us if you must cancel your registration or if someone will be substituting for you. Refunds for parking passes will be made if they are returned prior to the workshop date.

Parking
East-West Center (EWC) parking passes are available at $5/day. If you would like a parking pass please contact us by May 15, 2009. All vehicles (including government vehicles) are required to have an EWC parking pass in order to park in the EWC specified areas.

Payment for parking can be made via Check – payable to the Research Corporation of the University of Hawai‘i (RCUH), Purchase Order, Credit Card (Visa & MasterCard) or Purchasing Card. Please mail payments to:
Hawai‘i LTAP
University of Hawai‘i at Mānoa
Dept. of Civil & Environmental Engineering
2540 Dole Street, Holmes Hall #383
Honolulu, HI 96822

Registration begins at 7:30 a.m.
Course Description:
Transportation agencies across the country are making decisions about spending limited highway dollars with higher payoffs and greater returns on their investments. To accomplish this goal, many agencies are now considering and implementing a wider range of innovative and time-proven pavement preservation actions to preserve and maintain their highway system.

Adopting pavement preservation can produce many benefits, not only in the physical conditions of roads and highways, but also in their financing and administering of infrastructure needs. This workshop is designed to showcase opportunities, based on sound engineering analysis that can cost-effectively extend the service lives of Hawaii’s existing pavements.

Target Audience:
This course is suitable for the following groups:
- Industry Suppliers and Contractors
- Agency Middle Managers
- Agency Upper Managers and Senior leaders
- Policy makers

Agenda:
7:30 a.m. – 8:00 a.m. Registration Desk Open
8:00 a.m. – 10:15 a.m. Call to Order and Introductions
10:15 a.m. – 10:30 a.m. Break
10:30 a.m. – 12:00 p.m. National Updates
   - FHWA Initiatives
   - AASHTO TSP2 Program and the NCPP
   - Foundation for Pavement Preservation
   - Making the Case for Training and Certification: The Industry Challenge
   - Local Innovations for Pavement Management Data
12:00 p.m. – 12:45 p.m. Lunch (provided)
12:45 p.m. – 1:05 p.m. Project Selection Strategies
1:05 p.m. – 2:05 p.m. Rigid Pavement Preservation – Restoration Strategies and Emerging Technologies
2:05 p.m. – 2:20 p.m. Break
2:20 p.m. – 3:40 p.m. Flexible Mix of Fixes Technical Presentations
3:40 p.m. – 4:00 p.m. Panel Discussion

Speakers:
- Jim Sorenson, Federal Highway Administration (FHWA)
- Larry Galehouse, National Center for Pavement Preservation (NCPP)
- Eric Reimschissel, International Slurry Surfacing Association (ISSA)
- Ricardo Archilla, University of Hawai‘i at Mānoa, Department of Civil & Environmental Engineering
- Jim Moulthrop, Foundation for Pavement Preservation (FP2)
- Bob McCrea, Asphalt Emulsion Manufacturers Association (AEMA)
- Tim Morris, International Slurry Surfacing Association (ISSA)
- Matt Ross, International Grooving and Grinding Association (IGGA), American Concrete Pavement Association (ACPA)
